## **DETAILED ACTION**

### ***Response to Amendment***

Applicant's Amendment filed on Oct. 24, 2007 has been entered. Claims 8 and 9 are cancelled per the Amendment filed, therefore, claims 1, 3, 5-7 and 10-18 remain pending in the current application.

### ***Allowable Subject Matter***

Claims 1, 3, 5-7 and 10-18 are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding claims 1 and 13 (Amended): The closest prior art '281 (JP1-139281) discloses all of the limitations and further discloses in Figure 2 that the resilient member is formed integrally with a metal plate which is attached to the back of the display, however, '281 either alone or in combination with other prior arts failed to disclose that the display comprises a frame portion such that the resilient member is formed integrally with the frame portion.

Therefore, claims 1 and 13 are deemed non-obvious and inventive over the prior arts, hence are allowed.

As to claims 3, 5-7, 10, 12, 14-18: Since claims 3, 5-7, 10, 12 and 14-18 depend either directly or indirectly on the allowed claims 1 and 13, therefore, are also allowed.

Regarding claim 11 (Amended): None of the prior arts either alone or in combination fairly teach or suggest that the resilient member comprises functionality as a reference potential-

receiving terminal which is capable of electrically contacting with the reference potential terminal for maintaining the reference potential of the display.

Therefore, claim 11 is deemed non-obvious and inventive over the prior arts, thus is allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
